## **ENVIRONMENTAL POLICY**

At Qld Concrete Drilling & Sawing Pty Ltd ("QCDS"), we are committed to conducting all our activities in full consideration of the environment we live and work in.

QCDS operate in accordance with the requirements of the Queensland Government Environmental Protection Act 1994, the Environmental Protection Regulation 1998 as well as local government and client specific requirements.

We will work towards sustainable development by practising responsible work methods through the development, implementation and continual management of our Environmental Management Systems.

All employees and persons involved in the operations of QCDS are responsible for adherence to our control systems and active participation in environmental issues pertinent to all QCDS activities. These controls include:-

- Instil a sense of environmental responsibility amongst our employees
- To control and minimize contaminated discharge to air, land and water
- The control and minimization of waste
- Recycle where possible
- Regular review of related documentation and procedures
- Protect the environment in all our operations in a responsible manner.
- Continually improve our environmental management system and training.
- Meet all legal obligations and industry agreements.
